

American Unemployment and Saving our Democracy

Q: What behavior of our Society is resulting in unemployment?

A: Our population is growing faster than our Economy can create new jobs.

Q: Why is our population growing too fast?

A: Since 1965 unmarried women been producing more and more of our children.

Q: What per cent of our Children were and are now being produced by unmarried women?

A: The NCHS (National Center for Health Statistics) value for 1965 is 8%. The current value is 41%.

Q: What are the current NCHS per cents for American Groups?

A: Blacks = 72%, Hispanics = 54%, and Whites = 36%.

Q: Should our Political Parties be concerned that these children do not receive adequate parenting?

A: Yes. Congressional Research Service Office Report RL-43667 was published in 2014.

Q: Who is creating jobs for our growing population?

A: Our Political Parties.

Q: How are our Political Parties creating these Jobs?

A: By increasing our Federal Debt.

Q: When did Congress pass a Law requiring the creation of these Jobs?

A: In 1999 Congress passed the Humphrey-Hawkins Full Employment Act.

Q: What do Federal Reserve Economists call an increase in our Federal Debt?

A: Fiscal Stimulus.

Q: Do the Upheld Laws of our Constitution allow our Political Parties to degrade our Democracy?

A: Yes. Our Political Parties can decide to endorse Con-artists and Incompetents.

Q: Do our Political Parties spend campaign contributions on disgusting televised Political Attack Ads?

A: Yes. Attack Ads confirm that our Political Parties are also willing to be Morally Corrupt

Q: Does our Constitution require Politicians to tell the truth?

A: No. Our First Amendment protects Political Speech even if the speech does not include the Truth.

Q: Was this confirmed by Washington State Supreme Court Judges in October 2007?

A: Yes. The People, not Government, should decide if a Politician is telling the Truth.

The American Civil Liberties Union (ACLU) supported this decision.

Q: Do American Voters obtain the information needed to determine if a Politician is telling the truth?

A: Probably not. Political Parties take advantage of the Ignorance and Apathy of American Voters.

Q: Why is our Democracy failing?

A: The Ignorance and Apathy of the American voter.

Q: How can American voters reduce their Ignorance and Apathy?

A: Subscribe to and/or visit Libraries in order to read and understand Newspaper and Magazine Articles interpreting the Laws being created by our Political Parties.

Q: Do our Political Parties make their Laws easy to understand?

A: No. The average American is not trained to understand the convoluted language in their Laws.

Q: Who estimates the fraction of the truth that Politicians are telling?

A: Politifact.

Q: Will our Political Parties try to save our Democracy?

A: No. Our Political Parties avoid tough choices that might lose votes.

Q: How have our Political Parties helped the Wealthy to become Wealthier?

A: The current Long Term Capital Gains Tax is 15%. In 1972 the value was much higher at 35%.
