

# Narrow-Focused Scientists' Warning Articles (April, 2023)

42 articles published, 1 journal special issue, 59 articles in preparation

Three newly published articles:

<u>Title</u>	<u>Lead Author</u>
<a href="#"><u>Scientists' warning of an imperiled ocean</u></a>	Samuel Georgian
<a href="#"><u>Scientists warning on the ecological effects of radioactive leaks on ecosystems</u></a>	Cristian Bonacic
<a href="#"><u>Scientists' warning to humanity on tree extinctions</u></a>	Malin Rivers

Thirty-nine previously published articles:

<u>Title</u>	<u>Lead Author</u>
<a href="#"><u>Scientists' warning to humanity on the freshwater biodiversity crisis</u></a>	James S. Albert
<a href="#"><u>Scientists' Warning on Climate Change and Medicinal Plants</u></a>	Wendy L. Applequist
<a href="#"><u>World Scientists' Warning into Action, Local to Global</u></a>	Phoebe Barnard
<a href="#"><u>Scientists' warning to humanity on insect extinctions</u></a>	Pedro Cardoso
<a href="#"><u>Scientists' warning to humanity on illegal or unsustainable wildlife trade</u></a>	Pedro Cardoso
<a href="#"><u>Scientists' warning to humanity: microorganisms and climate change</u></a>	Ricardo Cavicchioli
<a href="#"><u>Scientists' warning on wildfire – a Canadian perspective</u></a>	Sean C.P. Coogan

<a href="#"><u>Scientists' warning on population</u></a>	Eileen Crist
<a href="#"><u>The Scientist: Creator and Destroyer—"Scientists' Warning to Humanity" Is a Wake-Up Call for Researchers</u></a>	Marek Cuhra
<a href="#"><u>A Retrospective Assessment of Temperature Trends in Northern Europe Reveals a Deep Impact on the Life Cycle of Ixodes ricinus (Acari: Ixodidae)</u></a>	Agustín Estrada-Peña
<a href="#"><u>Scientists' Warning to Humanity on Threats to Indigenous and Local Knowledge Systems</u></a>	Álvaro Fernández-Llamazares
<a href="#"><u>Scientists' warning - The outstanding biodiversity of islands is in peril</u></a>	José María Fernández-Palacios
<a href="#"><u>The Second Warning to Humanity - Providing a Context for Wetland Management and Policy</u></a>	C. M. Finlayson
<a href="#"><u>Scientists must act on our own warnings to humanity</u></a>	Charlie Gardner
<a href="#"><u>The second warning to humanity—Why ethology matters?</u></a>	Wolfgang Goymann
<a href="#"><u>Doctors and Overpopulation 48 Years Later: A Second Notice</u></a>	Jan Greguš
<a href="#"><u>Scientists' warning on climate change and insects</u></a>	Jeff Harvey
<a href="#"><u>Scientists call for renewed Paris pledges to transform agriculture</u></a>	Helen Harwatt
<a href="#"><u>Scientist warning on why you should consume less; even if wider society doesn't</u></a>	Peter Haswell
<a href="#"><u>Scientists' warning on endangered food webs</u></a>	Ruben H. Heleno
<a href="#"><u>Scientists' Warning to Humanity: Rapid degradation of the world's large lakes</u></a>	Jean-Philippe Jenny
<a href="#"><u>Scientists' warning of the impacts of climate change on mountains</u></a>	Jasper Knight
<a href="#"><u>Scientists' warning to humanity: strategic thinking on economic development, population, poverty and ecological sustainability in the Mediterranean and beyond</u></a>	Helen Kopnina
<a href="#"><u>Environmental policies to cope with novel disturbance regimes—steps to address a world scientists' warning to humanity</u></a>	Alexandro B Leverkus

<a href="#">Scientist's Warning on Human Population Growth</a>	William Lidicker
<a href="#">The second warning to humanity: contributions and solutions from conservation physiology</a>	Christine L Madliger
<a href="#">Scientists' Warning on the Conservation of Subterranean Ecosystems</a>	Stefano Mammola
<a href="#">Scientists' warning against the society of waste</a>	Isabel Marín-Beltrán
<a href="#">Scientists' warning on invasive alien species</a>	Petr Pyšek
<a href="#">Scientists' warnings and the need to reimagine, recreate, and restore environmental education</a>	Alan Reid
<a href="#">World Scientists' Warning of a Climate Emergency</a>	William J. Ripple
<a href="#">World Scientists' Warning of a Climate Emergency 2021</a>	William J. Ripple
<a href="#">World Scientists' Warning of a Climate Emergency 2022</a>	William J. Ripple
<a href="#">Scientists' warning on extreme wildfire risks to water supply</a>	François-Nicolas Robinne
<a href="#">Solutions for humanity on how to conserve insects</a>	Michael J. Samways
<a href="#">Scientists' warning of threats to mountains</a>	Dirk Schmeller
<a href="#">Climate Change Is Breaking Earth's Beat</a>	Jérôme Sueur
<a href="#">Why Do Society and Academia Ignore the 'Scientists Warning to Humanity' on population?</a>	Haydn Washington
<a href="#">Scientists' warning on affluence</a>	Thomas Wiedmann

Fifty-nine articles in-prep or review:

Title

Lead Author

Scientists' Warning on Semiarid Savannas

Ana Andreu

Scientists' Warning on Himalayan glaciers under a changing climate

Mohd Farooq Azam

Scientists' Warning on Medicinal Plants

Wendy Applequist

Scientists' warning on landscape homogenization

Victor Arroyo-Rodriguez

Scientists' Warning on chemical pollution

Thomas Backhaus

Scientists' Warning on Protected Areas

Carl Beierkuhnlein

Scientists' Warning against the Society of Waste

Isabel Marín Beltrán

Scientists' Warning on the Notion of Sustainability - Critical Studies Perspectives Converge

Iris Bergmann

Scientists' Warning on Biomass Burning

Mary Booth

Scientists' warning on wildlife trade

Pedro Cardoso

Scientists' Warning on Emergency Climate Warming above 1.5C

Peter Carter

Scientist's warning of extreme weather linked to world food security

Peter Carter

Scientists' Warning on Making Energy Decisions Based Mainly On Cost

James Conca

Scientists' Warning on Public Misperception of Nuclear Power

James Conca

Scientists' warning on cities and extreme heat

Manuel Esperon-Rodriguez

A Scientist's Warning on Economic Growth	Robert Davies
Scientists' warning on the importance of diversity and inclusion for environmental conservation	Luisa Maria Diele-Viegas
Scientist Warning to humanity on the importance of seagrass meadows	Rodrigo Riera Elena
Scientists' Warning on Genetic Diversity	Moises (Moi) Exposito-Alonso
Scientists' Warning of Ecosystem Collapse on the Yucatan Peninsula	Luisa I Falcón
Scientists' Warning on Beaches and Coastal Wetlands	Chip Fletcher
Scientists' warning to humanity: long-term planetary thinking (now and beyond the sun's life)	Francisco (Paco) Garcia-Gonzalez
Scientists' Warning of Antibiotic Resistance	Gionchetta Giulia
Scientists' Warning on Failing to Achieve the Sustainable Development Goals	Jorge Gómez-Paredes
Scientists' Warning on Wildlife Health	Kim Gruetzmacher
Scientists' Warning on Amazonia	Susanna Hecht
Scientists' Warning on Pesticide Impact	Gwenaél Imfeld
Scientists' Warning on our Deep Ocean	Rachel Jeffreys
Scientists' Warning on Marine Conservation	David Johns
Scientists' warning on endocrine-disrupting chemicals	Martin L. Kaonga
Scientists' Warning on climate change and infectious diseases	Kyrre Kausrud
Scientists' Warning on Pollination Conservation	Peter Kevan
Scientists' Warning for Health Systems	Jade Khalife

Scientists' Warning on Congo Fish Conservation	Tchalondawa Kisekelwa
Scientists' Warning on Limbless Subterranean Amphibians	Ramachandran Kotharambath
Scientists' Warning on Old Arctic Sea Ice	Benjamin Lange
Scientists' Warning on ElectroMagnetic Waves	Gauthier LASOU
Scientists' warning to humanity on the Amazonian rainforest loss	Jorge Noriega
Scientist Warning for Unexpected Warming	Francois Louchet
Scientists' warning to humanity: plastic oceans	Marga L Rivas
Scientists' warnings on light pollution	Airam Rodríguez
Scientists' Warning on Refugees and the Environmental Crisis	Mukul Sharif
Scientists' Warning on Rocky Outcrop Vegetation	Fernando Silveira
Scientists' Warning on Bird Conservation	Jeff Snyder
Scientists' Warning on Food Gardens	Daniela Soleri
Scientists' warning to humanity on decelerating the runaway Nitrogen cycle	Lisa Y Stein
Scientists Warning on Science	Eric Tannier
Scientists' Warning on Technology	Bill Tomlinson
Scientists' Warning on the connection with nature.	Jerónimo Torres-Porras
Scientists' Warning on Inland Water Conservation	Lars Tranvik
Scientists' Warning: Without Negative Emissions Civilisation is Endangered	Michael Trapp
Scientists' Warning of global change on Mediterranean climate regions	Ignasi Arranz Urgell

Scientists' Warning on Sea Ice

Peter Wadhams

Scientists' Warning on Deserts

Glenda Wardle

Scientists Warning proposes a Roadmap to Ecological Justice

Barbara Williams

Scientists' warning to humanity on parasite extinctions

Maarten P.M. Vanhove

Scientists' Warning on Redefining Economic Purpose

Madhavi Venkatesan

Scientists Warning proposes a Roadmap to Ecological Justice

Barbara Williams

Scientists' Warning on Deer and Wolf Management

Donald Waller
